EXPERTS FEAR FUEL FAMINE

Failure of Public to Buy Early Threatens Labor Congestion

DEPRESSION BLAMED

Production is Now About 5,000,000 Tons Weekly Under Safety Mark—200,000,000 Ton Shortage Seen

Washington, April 26.—Genuine alarm is felt in governmental, industrial transportation and in coal circles over the possibility of fuel famine conditions existing again the coming winter. This has been reflected by President Harding himself, by officials of the Interstate Commerce Commission and the American Railway Association and, lastly, by the more important coal associations.

There simply is no market for coal at this time—a time, it is explained when heavy tonnage ought to be moving from the mines to those consumers who in ordinary times take advantage of spring prices and favorable transportation conditions to in their stocks.

The people are not buying any more coal, it is stated, than is necessary for their immediate needs. This does not mean small consumers altogether, for thousands of them have gone into the market, as usual, but theirs is not the big orders that count. Industries and public utilities which usually buy in large quantities in the spring and summer are holding back, for the most part, and are causing the deepest concern on the part of the Government.

If they continue their buying strike through the spring and summer, it is pointed out, they will create such a sudden demand for coal when coal weather returns, it is insisted, as cannot be met adequately.

Two reasons are given for the failure of the country to lay in its normal coal supply at this time—the business depression, which has limited the demand for fuel, and the high freight rates.

The view is held here that the business depression argument is no excuse for refusal to buy coal. If there is to be a revival fuel must be available in large quantities, it is argued, otherwise the period of hard times will be prolonged unnessarily. Industry cannot resume on a large scale, it is pointed out, without plenty of coal in the bins.

The freight rate situation is more difficult for the Government and the transportation interests to deal with The President has referred to it as a desperate problem, particularly as it applies to the movement of coal. The agitation over rates has led many coal consumers to believe that eventually the rates will be lowered and thus give cheaper fuel.

It is by no means certain, however, that there will be a rate readjustment for many months, at least until the most favorable season for mining and transporting coal has passed. Another phase of the price matter is that the cost of coal at the mine is now lower than it has been for many years, which tends, it is argued, to neutralize the high freight rates.

Experts hold that approximately 550,000,000 tons of coal must be mined each year to meet the normal domestic and export demands. In order to provide this tonnage it is necessary to produce around 10,000,000 tons of coal a week.

While the soft coal output averaged 12,213,000 tons a week in October, when production for the year reached its peak, it began to drop in November, and has declined since until the output for the week ending April 2 was only 5,750,000 tons. If the summer passes on this basis, it is contended the country will be approximately 200,000,000 tons short when winter comes, a tonnage which could not be made up with the most intensive mining and the utmost efforts on the part of the railroads.

All conditions except market demand and freight rates are said to be favorable to a resumption of coal mining on a large scale. There are 100,000 idle miners clamoring for work. There are tens of thousands of idle coal cars which the railroads are eager to put into active service. For the next six months weather conditions will be at their best, both for mining and for railroading.

CLEAN UP, PAINT UP WEEK SET MAY 23-28

Civic Bureau of Chamber of Commerce Indorses Proposition

INDORSE BOND ISSUE

Discuss Improved Lighting System For King Street and Improvements at Armory.

Included in other important business transacted at the regular monthly meeting of the Civic Bureau of the Chamber of Commerce, held last night was the approval by the bureau of a Clean Up Paint Up Week to be run under the direction of the Chamber of Commerce in connection with the police and health departments during the week of May 23 to 28 inclusive.

The Clean Up Paint Up Week was brought to the attention of the body by Chairman K. W. Ogden who called on Capt. George H. Evans for information on the matter. The question of having the week established some time in May had been brought up before the Retail Merchants Bureau at their last meeting and that bureau recommended the matter favorably to the Civic Bureau. Capt. Evans stated that in the past there had been several Clean Up campaigns in this city and that he thought one this year would be a desirable proposition for the chamber to take up and he suggested that R. P. Farrington, advertising manager of the Alexandria Gazette, had some information on the subject.

Mr. Farrington stated the object of such a campaign, what it would do for the city in regard to health matters and from the standpoint as a means to better business. E. A. Feldtkeller, and other members made remarks concerning their ideas along this line and Mr. Farrington suggested more in detail concerning the manner in which such a campaign should be handled.

F. Clinton Knight stated that he would give such a campaign his support and that his store would offer a $45 bicycle as a prize for the boy in the city who, if the campaign was run, had done the best work of cleaning and painting up. The bureau then indorsed the proposed campaign and the chair appointed a committee to handle the matter. It is expected that sufficient funds will be appropriated for the minor details of the campaign, which as pointed out at the meeting last evening, to be successful must meet with the hearty support of every one in Alexandria.

Chairman K. W. Ogden stated that his selection of the committee would be made known shortly. Previous to the meeting numbers of business men and city officials stated such a campaign would meet with their approval and hearty support and co-operation. This is necessary for the campaign to be successful.

K. E. Wallace of the Y. M. C. A. has stated that his organization will co-operate in the matter Mr. Feldtkeller stated that one of the big factors in a campaign of this sort was the work that could be done by the boys of this city. If the boys, the merchants, the housewives, the officials, in fact everyone do their part it is believed that the campaign will be the most successful of its kind that was ever handled here.

Among other important matters brought before the meeting were erection of signs on King street, the sheds at the Union Railway Station, the lighting system on Upper King street and two letters from health officials regarding health conditions in the city.

Claude W. Fletcher brought before the body the matter of the mayor's recent message to the city council calling for a $600,000 bond issue needed for numerous civic improvements. The mayor's message was indorsed by the bureau. It was also indorsed by the Retail Merchants' Bureau at their regular meeting two weeks ago.

Chairman C. Page Waller reported for the committee on signs on King street, and after an interesting discussion it was decided that the com-

Talk On Credits

S. H. Talkes, of Washington, To Address Retailers' Tomorrow Night

S. H. Talkes, secretary of the Retail Merchants' Credit Bureau of Washington, tomorrow night at 8 o'clock will deliver an address before the members of the Retail Merchants' Bureau of the chamber of commerce.

He will talk on the advantages to be obtained from being a member of the National Association of Retail Credit Men's Bureau pointing out what is necessary in order to protect credits.

All merchants of the city regardless of whether or not they are members of the chamber of commerce are cordially invited to attend.

REHEARSALS TO BEGIN

Director For "Springtime" To Arrive Thursday—To Meet Talent That Night

The director from the John B. Rogers Producing Company will arrive in this city Thursday morning and start rehearsals that night at 7:30, in the opera house, for the musical play, "Springtime," to be produced May 12 and 13, for the benefit of the Alexandria Hospital.

The cast has practically been selected, though some changes may be made by the director after the first try out.

All members of the cast and all of the chorus groups, except the small children, will attend the meeting at the opera house promptly at 7:30 Thursday evening, to expedite the work of staging this elaborate musical play.

Fickle Italy Now Turns Against Woodrow Wilson

New York, April 26.—Temperamental Italy, which once acclaimed Woodrow Wilson with almost hysterical ardor, has turned thumbs down on him and is erasing his name from the corners of streets that were named for him less than three years ago, George Walkau, a Philadelphia merchant reported on his arrival here aboard the Steamship Reina d'Italia, from Genoa.

Streets, parks and public buildings once named in honor of Wilson are now being renamed after President Harding, he said.

2 Shot Dead by Sheriff's Posse Resisting Arrest

Staunton, Va., April 26.—Clarence and John Ryder, of Highland County, are dead as the result of a gun battle with a sheriff's posse. The young men, it is said, were charged with violating the automobile speed laws and resisted arrest.

The sheriff organized a posse and went to the young men's home, where it is alleged they opened fire on the posse. Both men were shot dead.

Several Police Wounded In Ambush in Ireland

Dublin, April 26.—Police and military who were searching for a kidnapped constable near Fiddown, County Kilkenny, were ambushed yesterday from a farm on which the constable was being held prisoner.

A fight ensued in which one soldier and several members of the ambushing party were wounded. It is believed some of the attackers were killed. The constable escaped during the battle.

Air Service Company

Attracts Ex-Service Men To Its Ranks

The North American Aerial Transportation Company, recently formed with an air port in Washington near the National Capitol Horse Show track south of highwy bridge, is attracting interest among local ex service men. C. R. Lambert, formerly with Squadron I stationed at Wilbur Wright Field near Dayton, O., just recently became a member of the new organization. It is the intention of the company to operate a passenger service between Washington and St. Louis.

At the field which is but little over half way between here and Washington there will be a Curtis passenger ship which will be for the carrying of passengers locally.

COUNCIL TONIGHT TO DECIDE BOND ISSUE

Original Recommendation of Mayor is For $600,000 Bonds

FIRE SPEED ALSO UP

Will Determine Whether or Not 25 Mile Hour Law Will be Repealed—Water Service Also to be Considered

The proposed bond issue for the city amounting to $600,000, will be reported on tonight at a meeting of the city council by the joint committee on streets, finance and schools. A part of the bond issue it is proposed to use in paying off temporary loans due the banks amounting to about $265,000, which would wipe out all of the city's temporary indebtedness. It is generally believed that the committee will recommend a bond issue. For what amount will not be decided until tonight when a vote is taken on the measure.

Another matter which will be presented will be a report on the speed of fir apparatus responding to fire alarms.

The Reliance and Relief Fire Companies at the last meeting petitiond council asking that the law providing for twenty-five an hour while responding to alarms be repealed. They also asked that the city be responsible for accidents to firemen while responding to fires. These matters will be reported on by the joint committee on finance, streets and general laws.

It is expected that a joint session will be held for the purpose of hearing statements by officials of the Alexandria Water Company relative to the proposition made by the city for increased water supply for fire fighting purposes in certain sections of the city. In addition to the foregoing considerable other business of importance is scheduled to come before this meeting of the city council

Ex-Soldier Dies

Was One of Four Men Charged by Police With Attempted Hold Up

MAN, INSANE, KILLS BABY AS WIFE AND RELATIVES WATCH

Danville, Va., April 26.—From a remote corner of Franklin County, in Virginia's hilly section, came today details of one of the worst crimes in the State annals, in which Thomas Stump murdered his child before a knot of helpless relatives, while demented. Stump, convicted of murder years ago, but who did not complete a ten year term, and who is now wanted for violating prohibition laws, is suffering from meningitis and has been told he could not live long.

Stump told his wife he wished to take her to a neighbor's home, and he asked Lucy Stump, a cousin, to accompany them and carry the baby. Before any of the others could reach him he had taken the baby by her feet and was whirling her round his head like a club and, as they approached he dashed the mite's brains out on the ground, killing her instantly. He then sank to the ground and submitted to arrest. He has been committed to the State Asylum at Marion as insane.

POLICE OF FIVE CITIES SEEK CHICAGO LEATHER DEALER

Chicago, April 26.—Search for John M. Cullinan, well known in the leather industry of the country, is being made by the police of five cities. Cullinan has been missing since March 23, when he was seen in Cincinnati about to board a train for Chicago.

Mrs. Cullinan has enlisted the aid of the police of Chicago, Cincinnati, Columbus, Rochester and San Francisco in the search.

One theory put forth is that Cullinan, about $300 in currency and to have worn valuable jewelry, was robbed aboard the train and his body thrown into the Ohio River.

HUN MECHANICAL WIZARD IN U. S. SEEKING TRADE

New York, April 26. Edmund Rumpler, director general of the Rumpler Works, Ltd., and electrical and mechanical wizard of Germany and Austria, arrived yesterday on the Nieuw Amsterdam. Some of the war planes of his invention were the most destructive Germany had.

He is to visit industrial centers and buy machinery. His first visit will be to the Ford factory in Detroit. As he put it, he comes as a pioneer in restoration of business relations between Germany and America, and he made clear that he would ask no credit.

LAST ROULETTE WHEEL IS SPUN AT JUAREZ

El Paso, Texas, April 26.—Sunday midnight the last roulette wheel turned, the last chuck a luck bowl whirled, the last pair of galloping dominoes skiddled across the table, the last deck of cards was shuffled and "Lady Luck" walked out of the Vivoli, the big public gambling hall in Juarez.

SOLVES RENT PROBLEM WITH MINIATURE HOUSE

Reading, Pa., April 26.—Amandon Schaeffer, a local resident turned his back on high rents today by deciding to pay rent only to himself in the future. Incidentally, he broke all records at City Hall for low cost of construction of a dwelling.

Schaffer applied to Building Inspector Joseph A. Heine for a permit for a building in the Glenside section and got it. It will be one story high, 8 by 14 feet, with a stone base, wood frame, tin sheating and tin roof.

"Is this to be used as a stable or garage?" Inspector Heine asked.

"I am going to live in it," Schaffer replied.

Gotham Boosts Marriage Fee; Alarms Dan Cupid

New York, April 26.—It now costs as much to get married in New York as it does to license a dog, and the relative upkeep is said by those who know to militate against matrimony.

The first day of the new $2 charge for marriage license, authorized when Governor Miller signed the bill last Saturday, caused a perceptible difference in business at the Manhattan marriage-license bureau.

"I don't know what some couples are going to do," said Edward W. Hart, chief clerk of the bureau. "Very Often the bride had to dig into her stocking for money even when the charge was only $1.00."

GERMAN REPLY IS BEING DECODED

Simon's New Proposals on Reparations Finally Get to Washington

TO STUDY CONTENTS

$50,000,000 Reported to be Sum Berlin is Willing to Pay—Occupation of Ruhr Held Inevitable

Washington, April 26.—The State Department received shortly after 10 o'clock last night the text of the new German reparations proposal. Code experts of the department started the work of decoding the note as soon as it began to come in over the department's wires.

The work of decoding will take some time and the note is not expected to be made public until Secretary of State Hughes has gone over the proposals with President Harding and probably with the Allied diplomatic representatives.

There is no reason to doubt that the text bears out the impression, given earlier in the evening, that the new proposal offers a proper basis for the resumption of reparations negotiations between the Allies and Germany. The final decision on this point, of course, rests with the Allies and not with the United States.

While Secretary of State Hughes, if satisfied that the new proposal meets all reasonable requirements, may transmit it to the Allied Governments or suggest that Germany transmit it direct, the United States is interested primarily in the consummation of an agreement reasonably satisfactory to both sides and is not disposed to force the issue or to assert itself unduly.

Cars Overcrowded

Complaint Made About Single Cars On W. Va., Line at 11:15 Saturday Night

Commuters over the Washington Virginia Railway line between this city and Washington are loud in their complant against the operation of single cars at certain intervals when it is claimed the cars are packed beyond capacity and seats are unavailable.

It is pointed out that 87 passengers were crammed into a single car last Saturday night. The seating capacity of the single cars is about fifty-two at the maximum.

It is expected that the Commuters' Association will get together and take up this matter with the railroad officials.

The need of two cars at 11:15 o'clock on Saturday nights it is claimed, is absolutely necessary in order to provide for the crowds.

Base Ball League

Members of Sunday School Team To Meet Tonight

There will be a meeting of the Sunday School base ball league at the chamber of commerce this evening at 8 o'clock. The officers of the league were chosen at the meeting last week and four teams were enrolled in the prospective league. It is planned to complete the details of the organization at the meeting this evening and a schedule will probably be drawn up for the play which is to begin early in May. Additional Sunday School representatives wil be welcome as there would be room for one or more teams should they desire to join the league

The U. S. as Intermediary.

Germany is at peace with the Allied nations and technically at war with the United States. She has every means for directing her diplomatic communications to the several Allied countries individually and to them collectively through the Interallied Council. She has no diplomatic relations with the United States. And yet she insists upon making the United States an intermediary between herself and the Allied powers in the matter of reparations.

Evidently German diplomacy is just as treacherous and stupid as it was in the days when it was trying to ally Mexico against us while at the same time professing the endless and undying friendship of the German people for the United States.

There may be a difference of opinion as to the exact motive or motives which prompt Germany to do her haggling with the Allies through the United States. It is suggested in some quarters that it is pride, that she does not like to be placed in the position of begging the Allies for concessions although she is willing to "treat" with them through a third party, preferably the United States. It is suggested in others that it is pure business, that Germany has reason to believe that big business in America is against heavy reparations and that by using the United States as a channel of communication pressure of some kind for a modification of the reparations demand of the Allies will be exerted.

Make sure that, from whatever motive, the purpose behind Germany's persistent effort to disassociate us from the Allies is cut from the same cloth as the rest of her diplomatic treachery to us and to the world. She has now come forward with another proposition to pay nearly the entire amount asked by the Allies, but with a very important string to it, one from 32 to 40 years long.

It is to be regretted that this Government did not inform the German Government definitely that we would refuse to be a party to its reparations dispute with the Allies when the first German note came, to be regretted that Mr. Hughes and Mr. Harding did not slam the door in the face of the invitation to act as a neutral judge and umpire in the matter so hard and so heatedly that it could never have come back a second time.

It is not too late now. The German government should be told in plain but unmistakable terms that there are regular diplomatic channels through which it may communicate its proposition to the Allied powers and that the United States of America would be much obliged if it would use them.

The modest sum of $500,000,000 is proposed for the development of the inland waterways of the country in a bill introduced yesterday in the National House of Representatives.

The transportation system and situation is such that undoubtedly the opening up of new waterways and the improvement of old ones is something greatly to be desired. A half billion dollars is entirely too much, however, for one Congress to spend for the purpose.

In making appropriations this year, it would be a good idea for Congress to remember that it is good policy for a nation as well as an individual not to spend what it hasn't got. What it is going to have to spend all depends upon the new taxes which Congress has promised to lower. And lower taxes can only come through lower appropriations.

Representative Volstead has pulled another piece of dry wit. He has introduced a bill in Congress to "stop" the sale of "medical beer."

THEORY OF RELATIVITY PUZZLE TO HARDING

Washington, April 26.—The theory of relativity of matter, which got into Senate debate recently, with assertions by Senators Boies Penrose, John Sharp Williams and others that they didn't understand it, also has vanquished President Harding. Its originator, Dr. Albert Einstein, noted Swiss scientist, called on Mr. Harding yesterday with a delegation from the National Academy of Sciences. As the group posed before a camera the President smilingly confessed that he, too, failed to grasp the relativity idea.

Dr. Einstein is to address the Academy tomorrow during its annual session.

Percy W. Pickford and others have sold to Robert C. Holloway and wife house and lot 8, block 21, section 4, Rosemont, and to John C. Leager and wife house and lot 7. black 21, section 4, Rosemont. Cornelius J. Cummings and wife have sold to Vincenzo De Felice, house and lot 822 North Columbus street.

Mr. and Mrs. James S. Young, the Rev. and Mrs. Wiley S. Young, and their daughter, Miss Ruth Vera Young, who have been visiting Dr. A. T. Young, and his mother, at 512 Prince street, have returned to their home in Marion, Ohio. The Rev. Mr. Young has been engaged in special revival services in the Sherwood Presbyterian Church, Washington, which closed on Sunday last.

The next to last rehearsal of "Kathleen Mavourneen" will take place in the Lyceum Hall this evening. Tomorrow evening a full dress rehearsal will be held. A large number of tickets have already been disposed of, and it would seem that a large crowd will be in attendance when the performances are given on Thursday and Friday evenings.

Two white men, said to be soldiers, are being held by the police on a charge of larceny of $60 and two razors from the barber shop of Sam Petrollo, 802 King street. A third man will be arrested and brought here later today it is stated. The men are to be given a hearing in court tomorrow. The two were arrested by Policemen Magner and Durrer.

MURDERER SENTENCED TO PRISON FOR LIFE

Martinsburg, W. Va., April 26.—Judge J. M. Woods today sentenced John R. Bowler, of Lynchburg, Va., to the State penitentiary at Moundsville for life for the murder of Garfield Miller, Hagerstown taxicab driver.

Bowler, aged 28, shot and killed Miller the morning of February 9 when Miller was bringing him to Martinsburg. Bowler was not caught until he tried to sell Millers car at Charlottesville, Va., a month later

"Pussyfoot" Johnson in England to Make it Dry

Liverpool, April 26.—Accompanied by Edward Russel, founder of the Anti-Saloon League, "Pussyfoot" Johnson arrived here yesterday on the Cedric to continue his work of making England dry.

"I'm not going to wreck buildings, or fellow people on the streets and bite them in the legs," Johnson said upon landing "I am a democrat, I think the British ought to decide for themselves whether they want booze or not. I shall deliver a few speeches, however.

SUGAR PRICES DROP

New York, April, 26.—Sugar prices reached the lowest level since 1917 today when another decline of one-quarter of a cent in the price of refined sugar was announced by two New York refiners.

The reduction brings the cost to the basis of 6 3-4 cents for fine granulated sugar.

THREE DROWN UNDER CAR

Toledo, Ohio, April 26.—Two women and a two-year-old girl met death from drowning when an automobile containing seven Detroit persons turned over in a water filled ditch on the Dixie highway four miles south of Perrysburg. The dead are: Mrs. Etta Roberts, fifty-one; Mrs. Bertha Wood hull and Royaletta Roberts, two of Detroit.

LA FOLLETTE PLEADS FOR ERIN

Washington, April 26.—The Irish question was brought squarely before Congress today and it promises to remain there a long while.

Senator La Follette, of Wisconsin called up his resolution to recognize the Irish Republic and served notice that the present session will not close without a test vote upon the issue of recognition of Irish independence. Not only were the galleries packed, but the corridors outside were blocked by the crowd seeking admission when the Senator began his speech.

Senator La Follette argued that the United States would be acting in strict accord with international precedent and its own well esablished policies if it recognized the Irish Republic. He also condemned the British policy toward Ireland in the most vehement language.

2 WOMEN AND GIRL DIE IN WATER FILLED DITCH

Toledo, Ohio, April 26.—Two women and a two year old girl met death from drowning when an automobile containing seven Detroit persons turned over in a water filled ditch on the Dixie highway four miles south of Perrysburg, near here, early yesterday morning.

BELGIAN WOMEN'S VOTE INDICATES CONSERVATISM

Brussels, April 26.—The woman vote, cast for the first time in Belgium, is credited with the major share in the conservative victories in Sunday's elections.

Fairly full returns indicate that the Catholic party, which counted upon the women, has definitely lost its position as the strongest party The Communist candidates were heavily defeated.

PUPILS "WALK OUT"

Bristol, Va-Tenn., April 26.—Following the resignation of Principal Harry Groat, of the Kingsport (Tenn)., High School, several hundred students of the high and grammar schools there "walked out" yesterday and staged a demonstration on the streets.

Principal Groat resigned as the result of difficulties he had with Supt. Eugene Crouch, who was recently reappointed head of the Kingsport schools. Mr. Groat charges that Mr. Crouch practices favoritism among the students.

ARSON PLOT CHARGED

Davenport, Iowa, April 26.—What the police believe was an attempt to burn the business quarter of Davenport led the fire departments of Davenport, Rock Island, Moline and the Rock Island arsenal engaged until past midnight last night.

The Burtis Opera House was destroyed in one of four fires which followed each other in quick succession and all thought to have been of incendiary origin.

The loss was more than $100,000.

Rome April 26.—Several extreme nationalists, or fascisti, and communists were killed and others wounded in Turin today as a result of a clash between the two factions, says the Turin correspondent of the Tempo.

The fighting occurred when the fascisti set fire to the big lumber exchange in retaliation for the murder of one of their comrades who was a disabled former soldier, the correspondent adds.

SUGGESTS SOLDIERS AS MAIL GUARDS

Chicago, April 26.—Regular army troops may be ordered to duty in guarding the Federal building, the larger branches of the postoffice, railroad terminal loading platforms and branches of the Federal Reserve Bank, it was announced yesterday by Postmaster William B. Carlile.

The information was received in a letter from Postmaster-General Hays, he said. Mr Hays' approval of troops to guard the Federal building and mail stations came as the result of a suggestion by Postmaster Carlile recently, Mr. Hays, in his letter today, asked Mr. Carlile to work out a plan in detail at once.

"I am particularly interested in the matter of having Federal troops patrol the stations in the larger cities when specially valuable mail is being handled, the Postmaster General's letter said. "Let's see what we can do about this right away."

Postmaster Carlile said that he had made no definite plans as yet, but would outline the guard system immediately.

Washington, April 26.—Postmaster General Hays refused yesterday to discuss orders for ordering troops about the postoffice and other Federal buildings in Chicago. It is understood however, that plans to that effect are only tentative and involve no emergency.

Mail robbers got away with approximately $6,000,000 last year, of which some $3,000,000 has been recovered. Mr. Hays said yesterday, in discussing steps taken to remedy this "absolutely intolerable" condition:

"It must be stopped and it will be stopped," he said that in addition to the distribution of arms to postal employes, the standing reward of $5,000 to any employe of the department who brought in a mail robber has been widened to include the general public."

CLEAN UP PAINT UP WEEK SET MAY 23-28

(Continued from page one)

matter be continued with the addition of E. A. Fahrkeller, who from his remarks showed that he has considerable information along this line. The committee was instructed to draft an ordinance and present it to the Retail Merchants Bureau of the Chamber of Commerce and then to the city council with their recommendation that a new ordinance be put into effect that would take the place of the present one.

It was brought out in the meeting that certain steps along this line were necessary in order that King street might be made safe for traffic and also made more pleasing to the eye which later will be possible by success along this line making it feasible for local merchants to put up attractive electric signs on their places of business.

Capt. G. H. Evans, chairman, reported that railway officials had stated to his committee that there will be necessary improvements made at Union Station for the accommodation of passengers coming and going.

F. Clinton Krlight made an interesting report on the matter of the condition of the armory which is at present used by the Alexandria Light Infantry. Inasmuch as the company has been changed from an infantry company to a machine gun company, he urged that something be done to make this building fit for the men to drill in. It was pointed out that since the maintenance of the machine gun company was a necessary institution in the life of the community, especially in the case of emergency, that they should be urged upon to bring about needed improvements.

It was duly decided that the committee be continued and that they in conjunction with Commanding Officer Shepperson and other officers of the company and Business Manager Evans of the Chamber of Commerce bring before the attention of the city council the condition of the armory.

Communications were read from Mrs. Olive Jones Whitmer coming from the U. S. Interdepartmental Social Hygiene Board and the other from Dr. Louis E. Foulks, city health officer for which the bureau voted thanks.

Afterward H. T. Clarkson manager of the local telephone company and his assistant entertained the members with a most interesting and instructive illustrated lecture on the telephone service.

Suspension Bridge for the Grand Canon

FLAGSTAFF, ARIZ.—At El Tovar, the railroad terminus, the south and north rims of the Grand Canon are about fourteen miles apart. Tourists get their views of the famous chasm from the south rim. The north rim is practically inaccessible. It is about 1,500 feet higher than the south rim and gives one an entirely different series of views. From El Tovar one looks right down into the Colorado river in Granite Gage; it is about a mile below and about seven miles away by trail.

This winter the National park services, which controls the Grand Canon now that it has been established as the Grand Canon National park, has been engaged in the work of constructing a suspension bridge across the Colorado, for two reasons: To make the north rim accessible and to facilitate travel by trail on the canon floor. Every bit of material has to go mule-back down the steep, zig-zag trails from the south rim. The government packers have been using Bright Angel trail—one must have ridden that trail to understand the work of transporting bridge material over it.

Well, the other day, Homer J. Arnn was taking 11 pack-animals down the trail. And several of them were loaded with TNT, left over from the World war, for blasting. Just beyond the last turn, an animal slipped, the rest got excited and one went off the trail. Two more followed as the 11 animals were tied together. Things began to look interesting.

Packer Arnn had a good excuse for making tracks. Instead, he jumped into the midst of the panic-stricken animals and succeeded in cutting out the remaining eight.

Of course, all three animals were killed. One fell 1,000 feet, without injuring his pack. One fell 200 feet with 150 pounds of TNT—which did not explode.

Maybe there will not be a rush next summer for that suspension bridge across the Colorado down in the bottom of the Grand Canon!

"MASTER MIND" AND AIDE OF ROBBER GANG TAKEN

Harrisburg, April 26.—Clarence O. Miller and Samuel S. Fleck, declared to be the "master mind" and chief lieutenant, respectively, of a robber gang by two youthful members, who said they were terrorized by threats of death, yesterday are in the Dauphin county jail awaiting a hearing to be held when the condition of Walter E. Weigle, assaulted and robbed a few nights ago, changes for better or worse.

Miller is accused by the two members of his gang of planning the robbery of nearly a score of stores.

Police in a further investigation of the "Peerless Club," headquarters of the gang, found hundreds of collars, socks and shirts in addition to an arsenal of guns, ammunition and blackjacks.

At Miller's home they found a handbag containing a loaded automatic pistol, blackjack, bottle of chloroform, box of cosmetics, two search lights, two boxes of pistol ammunition bottle of liquor five watches, four rings, watch fobs and chains.

W. J. Milliken and J. A. Byrnes, in a signed confession made to the District Attorney said they have been silent because of fear of death, and that they were told by Miller, he would get us" if they did not obey his orders.

Hoosier Veniremen Balk

At Circumstantial Evidence

Rensselaer, Ind., April 26.—Difficulties in obtaining a jury were encountered yesterday at the opening of the trial of Ralph Davis, a farmer, charged with the murder of his parents, whose charred bodies were found in the ruins of the farmhouse near Enos last January.

Because several men called for jury service were discharged after stating they would not favor the death penalty on circumstantial evidence, Judge George A. Williams ordered the jury commissioners to select a special venire of 50 men.

Davis, who was secretary of the Newton County Farm Bureau, was arrested in Chicago last January on a charge of embezzling $1,400 of the organization's funds, and afterward it developed that the indictment charging him with murder of his parents had been returned in the court here

Mountaineer, 81, Father of 23, Takes Seventh Bride

Richmond, Va., April 26.—Mason Christian, aged 81, a Webster county mountaineer, has taken unto himself his seventh wife, a girl of 20, who resided near his home on one of the farms on the Williams river.

Christian is the father of 23 children and his numerous grandchildren are residents of many States. He is a famous huntsman and bears many marks of thrilling battles with bears and other animals.

WILD HORSE KILLS CHILD

Leaves Race Track and Dashes Into Crowd of Spectators

Pitcher, Okla., April 26.—A 5-year-old girl was killed and five persons were injured, two seriously, when a race horse dashed through a race-track fence into a crowd of spectators yesterday.

Two horses were entered in the race, and the one that plunged into the crowd left the track within 20 yards of the wire. The jockey was one of the injured.

MAN ACCUSED OF PATRICIDE AMAZED AT PARENT'S DEATH

Somerville, N. J., April 26.—Reiterating his denial of having caused the death of his father in Orlando, Fla., for which he is being held on a charge of murder, John R. Bryant declared last night that he and his father had parted as friends. The body of Bryant's father was found a few days ago buried in a lonely spot, with the body of a pet dog be side him. The son professed to be amazed on learning his father was dead.

Bryant said he last saw his father the night before he was to leave his father's farm with his wife and child. His father took them for an automobile ride and bade them good by that night, as he expected to make an early trip from home the next morning, and did not expect to see them again before they left. Bryant declared he heard his father moving around the house early in the morning and then drive away in a wagon. This was the last he heard of him.

With his wife and child Bryant was arrested after having been found penniless and hungry near Brunswick. County officials were notified officers from Florida were on the way to get Bryant, who is reported to have said he would not fight extradition.

CAPT W. C. ELIASON DEAD

Baltimore, April 26.—Capt. William C. Eliason, for 30 years president of the Tolchester Steamboat Company, died yesterday at Union Memorial Hospital, where he underwent an operation two weeks ago for gallstones.

He was one of the best known figures in Baltimore shipping circles. Born in Dover, Del., 72 years ago, Capt. Eliason spent a large part of his business career in the service of boat companies. In 1878 he came to Baltimore as general manager and part owner of the Baltimore enterprise with which he was connected. About 30 years ago, Capt Eliason became president of the Tolchester Company. Under him the company made great strides.

Capt. Eliason was known to thousands of excursionists. He was always at the wharf when the excursion boats pulled out in the morning and there again at night to meet them when they came in.

Besides his widow, he leaves a son, Henry C. Eliason.

MOTORBOAT LOSES TO TRAIN

New York, April 26.—The Havana special of the Atlantic Coast line, arriving on time at 10 o'clock last night at the Pennsylvania station, came home a winner in the first race between a train and a motor boat.

The Gar II Jr., express cruiser, owned and piloted by Garfield A. Wood, of Detroit, started from Miami, Fla., at 2 a. m., Sunday, for a scratch race with the train to New York. The Gar II, Jr., had not tied up at the Columbia Yacht Club wharf late last night.

HAVE COLOR IN CHEEKS
Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 15c and 30c

Do you wake up tired?

If you feel "lazy", listless, sleepy at the wrong time, it is a danger signal. Probably your vigor is being sapped by "self-poisoning".

Self-poisoning through constipation leads to the most dangerous diseases. When you allow constipation to take hold of your system, you are paving the way to the whole train of serious illnesses which follow.

Pills, castor oil, laxative waters and salts only force and irritate the bowels and make constipation a habit.

Nujol works on an entirely new principle.

Instead of forcing or irritating the system, *it simply softens the food waste.* This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain easy, thorough bowel evacuation at regular intervals — the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".

OCCUPATION OF RUHR HELD INEVITABLE

Paris, April 26.—What ever may be the outcome of the deliberations that are to be held at either London or Paris at the end of this week, the occupation of the Ruhr district appears to be inevitable from the French viewpoint, as indicated after Premier Briand's return yesterday evening from his conference with Premier Lloyd George at Lmypne.

Public opinion is solid—with the single exception of the Socialists—in demanding the payment of the 12,000,000,000 gold marks still owing, according to the Allied figures, on the 20,000,000,000 due under the treaty before May 1.

Even should Berlin grant the unlikely concession of handing over by April 30 the 1,000,000,000 marks in gold now in the vaults of the Reichs Bank, as demanded by the Reparations Commission, popular clamor in France would still insist upon the Ruhr region being occupied as a threat to prevent the Germans from defaulting on the other 11,000,000,000 marks.

The Chamber of Deputies yesterday gave evidence of what is construed as its intention to support the Government in the occupation of the Ruhr region, if that becomes necessary by voting an increase of 20,000,000 francs for artillery.

This action was taken against the advice of the Minister of Finance. The Senate had reduced the artillery appropriation to 67,000,000 francs, but former Minister of War Lefevre carried the point that an extra 20,000,000 francs would be the best economy if it aided in the enforcement of the treaty.

$50,000,000,000 SAID TO BE ULTIMATE TOTAL

Berlin, April 26.—The ultimate total indemnity which Germany agrees to pay the Allies is 200,000,000,000 gold marks ($50,000,000,000 as against 226,000,000,000 $56,500,000,000) demanded by the Allies in their Paris terms, it was authoritatively stated here yesterday.

The German reply to Secretary Hughes suggests making the annuities in the payment of the reparations flexible, dependent upon the recovery of German industries. An international loan is suggested, to be floated immediately for the purpose of placing ready cash at the disposal of the Entente, but no sum is named.

Germany expresses her willingness to pledge the customs revenues as guarantees and further offers to deliver manufactured articles to the Allies with the understanding that Germany will pay the producers and get credit on the indemnities. Germany also offers immediate participation in the work of restoration in the devastated areas: labor and materials to be supplied by Germany and credited against the indemnities.

No suggestion is made of Germany's iwllingness to assume the indebtedness of the Allied powers to the United States.

TWO MEN SHOT DEAD IN OVERTURNED AUTO

Los Angeles, April 26.—Two men, believed from cards in their pockets to be Dr. Joseph Durand and Myron G. MacCauley, were found yesterday shot to death in an overturned automobile in an outlying quarter.

The automobile was rented by the man believed to be MacCauley. Powder marks on the other man indicated the bullets had been fired at close range. An automatic pistol with four empty shells was found in the wreckage of the car.

AH! EPSOM SALT LIKE LEMONADE

You can now buy epsom salts without the awful taste and nausea, by asking your druggist for a handy package of "Epsonade Salts" which looks and acts exactly like epsom salts, because it is real epsom salts combined with fruit derivative salts, giving it the taste of sparkling lemonade.

Take a tablespoonful in a glass of cold water whenever you feel bilious, headachy, or constipated. "Epsonade Salts" is the much talked of discovery of the American Epsom Association.
